[www.ARHAonline.com/chapter-events](http://www.ARHAonline.com/chapter-events)

**Join us to discuss  
the 2021 labor  
shortage!**

---

The hospitality industry is experiencing a severe labor shortage across the nation - our community is no exception. ARHA-Tuscaloosa, in cooperation with the West Alabama Chamber of Commerce and Alabama Department of Rehabilitation Services is working to create a pipeline to provide qualified team members for our industry. The pipeline will create fully funded opportunities for qualified individuals with unique abilities to train in our industry. Employers will then have the option to hire these individuals as full team members. It is a great opportunity to bring in needed team members who can meet the qualifications and requirements for employment at your business.
